1. **SESSIONS.** The course meets every Tuesday and Thursday from 5:30 pm to 6:45 pm from August 26 to December 4, except November 27 (Thanksgiving).

2. **PREREQUISITES.** You should have some basic familiarity with the Internet, but a technical background is not otherwise required.

3. **FINAL EXAM.** The final exam is scheduled for December 16 starting at 5:30 pm. 100% of the course grade is based on the final exam. I plan to follow the standard law school curve. My current plan is to style the final exam as a “take home” exam to enable you to use computers, but conduct it over only a few hours, like an in-class exam would be.

   The exam is very practice-oriented and will emphasize your problem-solving skills. I strongly encourage you to review prior exams to understand the exam style. You can find prior exams and sample answers at my website (note that the law may have changed in the interim).

4. **CASEBOOK.** The course supplement is the only required reading (except for any materials I distribute during the semester).

5. **EMAIL LIST.** You are required to join the course’s TWEN email list, which I use to send administrative emails and other emails of interest. **YOU MUST SIGN UP TO THE TWEN EMAIL LIST NO LATER THAN FRIDAY, AUGUST 29 AT 5 PM OR I MAY DROP YOU FROM THE COURSE.**

6. **OFFICE HOURS.** I am in my office (Room 110E) all the time and I invite you stop by at your convenience. Or, email me to arrange a scheduled time to talk. Also, I use email extensively, so I am also happy to answer questions by email.

7. **ACADEMIC FREEDOM.** The course necessarily requires us to discuss the full range of human behavior. If you have any concerns about topic coverage, you should see me ASAP.

8. **ATTENDANCE.** ABA and AALS rules require you to attend class. However, I do not record attendance or grade in-class participation. Therefore, you don’t need to inform me if you are unable to attend class.
9. SCHEDULE AND READINGS.

Note: I have tried to include various statutory, case and common law tests and definitions in the “Helpful Hints” notes in the front of most sections. While you may find it useful to briefly peruse these hints as part of your pre-class reading, their primary purpose is to expedite in-class discussion and after-class review.

**Introduction to Cyberspace (Weeks 1-3)**

Topics: Internet technologies, Internet business models, the Commerce Clause and state action

ACLU v. Reno (CDA I District Ct. facts only) ..................................................................................5
Noah v. AOL Time Warner ..............................................................................................................23
